Liquid Fertilizer

Net Weight: 40 lb (18.1 kg)

Treats 2,500 square feet

Net Content: 5 US Gallons (18.92 L)

Guaranteed Analysis

Total Nitrogen (N).....0.40%
0.40% Water Soluble Nitrogen

Derived from: Earthworm Castings

Boomer's Blend

Worm Fusion®

Worm Fusion® may:

- Improve overall yields
- Improve crop performance
- Improve soil quality
- Nurture trees and flowers

Worm Fusion is an all-natural earthworm castings solution for use in farm, turf, home/garden & ornamentals applications. Worm Fusion also serves as a cost-effective alternative to chemical additives

(Do not expose to temperatures in excess of 140°F or 60°C.)

General Application Guidelines - SHAKE WELL

Soil Inoculate: 5-30 gal. per acre (4,080 yd²). Apply as a spray or into the irrigation water at a ratio of 1:1000. Apply 2-3 weeks before planting for pre-treatment.

Foliar Spray: ¼ - 1.5 tsp. per 1 gal. water. Apply twice per month. For large scale operations apply a total of up to 50 gals per acre per year.

Post Harvest: 2.5 Tbsp per 1 gal. water. Spray directly on to produce 48 hours before harvest, and then spray storage area.

Deep Root: Mix 1 gallon of product per 50 gallons of water. Injection site should be 2" - 3" apart and 12" to 15" deep on a radial grid pattern.

This product is ready to use. Mix only as much as is directed in the Usage Guidelines for each application. For best results, each dilution should be used within 7 days. Store at room temperature and out of direct sunlight.

PRECAUTIONARY STATEMENTS: Wash skin thoroughly after handling. Wear protective clothing/gloves/eye and face protection. Call a poison center or doctor/physician if you feel unwell. IF INHALED: Remove victim to fresh air. IF IN SKIN: Wash with soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do, continue rinsing. If eye irritation persists, get medical attention/advice. Store in a well ventilated place
